Description

A multilayered personalized saga of the social metamorphosis of Dalits in India. At one level a loving tribute from a son to his father. At another, it gives an intelligent appraisal of the system in India and traces the story of the awakening of Dalits traversing three generations. At still another level, it is reflective of the aspirations of millions of Dalits in India. Outcaste is much more than a personal recounting of the downside of the caste divide in India. It also examines Dalit issues in the context of the Dalits' awakening spearheaded by the champion of human rights, Babasaheb Ambedkar, the Independence movement, the Disobedience Movement, Gandhiji's relation with Ambedkar, the mass conversion of Dalits to Buddhism in 1956, and caste in its contemporary reality. The book ends with a note of realization: that in modern India dignity rests in the minds and hearts of people, and obsolete prejudices do not really matter.
